Complex Care-Solus
is the Solution!

OUR SERVICES

- Support you to live a healthy lifestyle, including meal preparation, assistance with light housekeeping, and personal care.
- We will support you during social and community activities and day programs, outings, hobbies and medical appointments.
- We can provide Transitional Care Support to an LTC or retirement home or if you are returning from a hospital stay.

Solus is committed to supporting individuals with unique and complex needs to continue living in their homes and community with an improved quality of life.

We will design our services to meet your specific requests and needs. Our workers will strive to enhance your overall well-being. Services are delivered one-on-one by our specialized workers who follow the treatment plan set out by your care team.

WHAT MAKES US UNIQUE

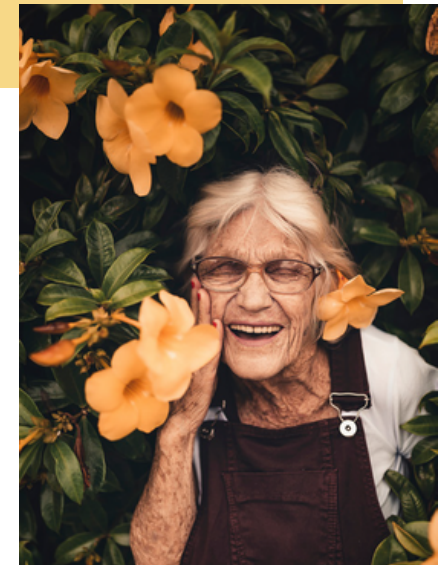

- We use proactive & practical approaches to your care so that you may live where you call home and actively engage in your community.
- Our coordinators and workers are experienced professionals who rise above and beyond to support, including ensuring the best match for you or your family member.
- We are a socially responsible company recognized for our generous support to our communities.
